Message from the Vice-Chancellor

Doon University was established by the Government of Uttarakhand vide the Doon University Act, 2005 (Uttaranchal Adhiniyam Sankhya 18 of 2005), recognized under 12(B)of the UGC Act. As envisioned in its founders' vision, we are a state university that is committed towards providing an intellectual and academic terrain for specialized and thematic learning in Uttarakhand. As a Centre of Excellence (CoE), the University links professional learning with the industry and aims at developing future-ready employability attributes in itsstudents.

The university commenced its academic sessions in 2010 and is rapidly evolving. Our courses have grown and so have our family of students, faculty and alumni. Our students, from across the country and beyond, as well as our teachers, together constitute a veritable pool of quality human resource, that takes pride in serving the state and our nation, atlarge.

The university offers postgraduate degree programs in eight schools, namely, the School of Communication (SoC), the School of Environment and Natural Resources (SENR), the School of Languages (SoL), the School of Management (SoM), School of Social Sciences (SoSS), School of Physical Sciences (SoPS), School of Bio Sciences and Nitya Nand Himalayan Research and Study Center. We are also successfully running a bachelor's degree program in the School of Design (SoD). Many of our Schools offer doctoral programs aswell.

Apart from our regular foreign language certificate courses, this year onward, we shall offer three different certificate courses, in Garhwali, Kumauni and Jaunsari. These will involve the teaching of our local languages and culture. In addition, an MA in Theater Studies shall be introduced this year under the aegis of the Nitya Nand Himalayan Research and Study Centre. These programs are uniquely designed to create and foster a ripe academic clime and imperative for expanding and advancing the scope and domain of the languages, literature, culture and society of Uttarakhand, as part of the global-minded effort to preserve, protect and advance vulnerable languages and cultures in their diverse forms. In our commitment to the revitalization of our local linguistic heritage, we aim to identify gaps in little-known or neglected areas of its study and consistently create, expand and broaden the academic thrust of these cultural entities as a resource pool.

We are a rapidly growing institution with state-of-the-art physical and research infrastructure as well as sports, cultural and other facilities. Our highly qualified, experienced and dedicated faculty members are constantly engaged in the pursuit of excellence in their respective fields. Upholding the spirit of our institution, they constantly strive to contribute significantly to research in their respective fields and to meet their obligations to students, the nation and the region. Our faculty keenly undertake extra-mural research projects sanctioned by various funding agencies, publish research papers in national and international journals of repute and organize inter and transdisciplinary national and international seminars/conferences/workshops. Our students have secured seats in institutions of national importance like IISc Bangalore, IIT and NIT and prestigious foreign universities like University of Bonn, Germany and University of Saskatchewan, Canada for their Masters and Ph.D programs. Our prime objectives are effective teaching, student satisfaction, innovative research and social responsibility. We constantly strive to develop new visions and principles for research and innovation by incorporating and evolving practices and principles of open science and transdisciplinary approaches. We are committed to the application of digital technologies and platforms in research and innovation, thereby aspiring to create increased societal value.

We continue to establish collaborative partnerships with business, government, other research institutions as well as various agencies and civil society organizations. The university also aims at creating, promoting and disseminating knowledge and its practical application in the context of specific local needs and nation building.

While we foster specialized and thematic learning, our schools, departments and programmes work in synergy through various forums and study circles. We also invite eminent scholars and scientists to deliver lectures on key areas relating to local, regional and global issues and challenges.

The University has a very dedicated and responsive administrative staff. Helmed by our Registrar Dr. M S Mandrawal, our administrative staff, including our Finance Controller, Mr. D.C. Lohani, Deputy Registrar, Mr. Narendra Lal and their support staff, are ever committed towards academic pursuits and infrastructural development.

I am certain that our journey shall continue to be positively transformative and productive as we grow, from strength to strength. With my best wishes, I welcome you to the Doon University family.

Prof. Surekha Dangwal

About the University

Doon University draws its profile from the vision of the state to transform the higher education of the region as a carrier of Excellence. It is one of the leading educational Institution of Uttarakhand State established by the State Government vide *Doon Vishwavidalaya Adhiniium 2005 (Act No. 18 of 2005)*. The University is recognized under section 12(B) of the UGC Act 1956. Doon University is located at the right bank of Rispna River, 8km south-east direction from the Dehra Dun city centre in the background lush green Sal forest. It has a sprawling campus spread over 22.26Hectares land. Geographically the university is situated at $70^{\circ} 2' 35''$ E longitudes and $30^{\circ} 15' 46''$ N latitudes at the height of 588m from m.s.l. to Mothorawala road which is known as Kedarpuram. It's distance is 6.84km in S-E direction from Dehra Dun railway station and 7.8km from clock tower.

The university is under rapid process of transformation to an institution of excellence. This university is encouraging development of efficient and transparent system that would further facilitate a learners experience in the University. The university programmers combine the enduring value of a liberal arts education with the skills and experience offered by professional departments. The university has 9 schools on the campus offering 16 UG and 23 PG programmes through a highly qualified faculty. The University also offers Doctorate in 11 programmes and Certificate programmes in various fields of study. Student community, faculty and staff at the University are multicultural, multifaceted and represent a truly national character. The University

has established partnership (MoUs) with globally and nationally recognized premier institutions. A Centre for Public Policy (CPP) supported by National Thermal Power Corporation (NTPC) is established for Public Policy Research, Advocacy and Capacity Building. Doon University is the first University in the region and the State where a Data Centre(Data Bank)has been established with the support of the Office of the Registrar General of India (ORGI)-Census Directorate to promote census and demographic research. In a short span of time Doon University has emerged as acredible institution and a preferred destination for academics and research. By virtue of its commitment to excellence, the University has been awarded B++ grade by NAAC in 2017 in its very first few formative years.

It resembles a large self-contained educational center with lecture theaters, smart class room, Wi-Fi campus, library facilities, laboratories, on campus hostel accommodation, cafeteria, canteen, bank, ATM's and post Office.

The campus of the University has often been rated as one of the most beautiful campuses in Uttarakhand. There are a number of lush green gardens, water fountains and sidewalks which provide an ideal environment on the campus for study and leisure.

About Schools, Centres

8.1 School of Environment and Natural Resources (SENR)

The School of Environment and Natural Resources was established in 2009 as a flagship school of the University. SENR aims at meeting the needs of the society by providing advance training to students in Environment and Natural Resources Management through a structured curriculum with integrated multi-disciplinary approach involving latest advances in the fields of physical, chemical and biological components of the environment with an emphasis on research and innovation. The school is committed to excellence and building capacities of trained professionals who can meet the emerging environmental challenges of the 21th century.

The School has started a new programme M. Tech. in Environmental Technology under the UGC sponsored innovative Programme in 2013. M. Tech. programme envisages the creation of appropriated human resources for industry and research sectors dealing with the areas of sustainable and clean environmental development initiatives.

Research Activities

The School has taken initiatives by offering Ph. D. programme in Environmental Science since 2011. Currently, the main thrust areas of research are Forest Ecology & Biodiversity Conservation, Environmental Microbiology, Solid Waste Management, Wastewater Treatment, Nanomaterials & Green Technology, Bioenergy, Air Quality Monitoring & Modelling, Regional air quality (CTM) modeling, Climate Modelling, Disaster Management, Geomatics, Remote Sensing. For strengthening interdisciplinary research in various domains of Environmental Science and Natural Resource Management, the University has entered into an MoU with Indian Institute of Remote Sensing (IIRS), Dehradun, Wadia Institute of Himalayan Geology (WIHG), Dehradun and Indian Institute of Petroleum (IIP), Dehradun, G. B. Pant National Institute of Himalayan Environment & Sustainable Development (GPNIHESD), Almora and Wildlife Institute of India (WII), Dehradun. More academic linkages are being worked out.

The School has a state of art laboratory equipped with high end sophisticated instruments such as Ion Chromatogram, Induced Coupled Plasma Atomic Emission Spectroscopy(ICP-AES), CHNS Analyzer, Gas Chromatography- Mass Spectroscopy (GC-MS), High Performance Liquid Chromatography (HPLC), Atomic Absorption Spectrophotometer, LICOR Infrared Gas Analyzer (IRGA), LICOR Photosynthetic Analyser, PCR with Gel Documentation, Fiber Analyzer, Kjeldahl Nitrogen Analyzer, UV visible spectrophotometer, Microwave digester,

Anderson Cascade impactor, Flame photometer along with some minor instruments such as BOD incubators, hot air ovens, Autoclave, Laminar air flow, Micro balances, Electrophoresis unit, Distillation units, the School has its own ambient air quality system (continuous analyzer for O₃, CO, NO_x, SO_x), Athelometer, weather station, high volume sampler.

A GIS and Remote Sensing Laboratory with 20 computers, four Work Stations, Plotter and Scanner has been established for enhancing the capacity of the students to undertake dissertation and research in the Environment and Natural Resources Management. Ten licenses of ERDASimaging and five licenses of Arc-info have been procured for the GIS and RS Laboratory which is being further strengthened.

Teaching & research Support

The School has qualified and experienced faculty drawn from relevant disciplines for teaching and research. Adequate technical support staff has been provided to assist students in the laboratories. The faculty members have carried out several research projects sponsored by National agencies, such as ICAR, DST, UGC, DBT, etc. Few ongoing research projects sponsored by these funding agencies are being implemented by the faculties of the SENR. Academic support is also drawn from various Institutions such as IIRS, CSWCRTI, WWF, WII, ICAR, JNU, etc. The School has been awarded grant under the FIST Scheme by the Government of India. Department of Science and Technology in 2014. The school has been awarded M. Tech. program by UCG under its scheme of innovative programs in the year 2012. The Doon University has been awarded in the year 2016 Himalayan Fellowships worth Rs. 2.39 crore under National Mission on Himalayan Studies (NMHS) by Ministry of Environment, Forest & Climate Change, Govt. of India for which SENR has been nodal school in planning, preparation and execution of the project.

Internship/Industrial Training & Placement

The Master students (M.Sc. Environmental Science, M. Sc. Natural Resources Management and M. Tech. 8.4 School of Languages (SoL)

School of Languages

Since its inception in 2010, the School of Languages at Doon University has been an emerging trendsetter not only in Uttarakhand but also in the region. Our five-year integrated Masters programmes in various foreign languages (Chinese, French, German, Japanese and Spanish), draw students and scholars from all across the world. Our two-year Masters programme in English is rapidly gaining ground, becoming a force to reckon with. The five-year integrated foreign language programmes have the added advantage of giving students the option to exit after completing three years of graduation for a Bachelors degree. Likewise, those having a requisite background in the respective foreign language may opt for lateral entry at the two-year Masters level through an entrance exam.

Due to the ever increasing demand of adding more points to the curriculum vitae of the professionals, scholars or general public, School of Languages at Doon University offers one-year Certificate Course spread over two semesters in Chinese, German, Spanish, Japanese and French in order to cater to these needs and trends of the market. In this course, the students learn how to communicate and write in a foreign language through very dynamic and interactive methodologies which will give the student a good command over the elementary level of the language selected. It not only helps in educational development but also increases one's communication and thinking ability and gives a new perspective in personal, professional, social and economic development. To be competitive on a global scale, the business world of tomorrow needs individuals who can work in a culturally diverse environment and who have strong skills in a foreign language. Candidates who have cleared 10+2 are eligible to apply for these courses. Classes are held twice a week and a total of 45 hours are taught in one semester.

The School also aims at research and development at an inter-departmental level under the aegis of SoL-Dialogue, SoL-Screen and SoL-Expressions. It prides its internationally trained and research oriented faculty, state-of-the-art Multimedia Laboratories as well as Memorandums of Understanding with European universities and international educational bodies.

Academic support is also drawn from various prestigious institutions such as Jawaharlal Nehru University, University of Delhi, Jamia Millia Islamia in form of academicians' regular visits for workshops, advisory committee meetings and as adjunct faculty in various departments.

Our extremely efficient Placement Cell at both the School and University level has helped students get placements in reputed companies, the ever-demanding tourism sector as well as academic institutions. A large number of students have been the beneficiaries of foreign scholarships.

Department of Chinese Studies

In the past few decades China has emerged as an economic power and being our neighbor and one of India's biggest trading partner it becomes all the more important to understand China. Learning Chinese can open a whole new world of opportunities. Department of Chinese, Doon University has made a name for itself in the past five years. The students are taught a well designed curriculum which is regularly updated according to the needs of the time and has components of language, literature, culture and history. The Department aims to emerge as an important centre for Chinese studies by organizing workshops, seminars and other academic and cultural events.

Department of German Studies

German Studies in India is more than 100 years old. Department of German Studies at Doon University may be a new addition to this field but it has fast found a significant place by offering an updated curriculum. The curriculum contains apart from imparting skills in language and translation, study of literature and culture of German speaking countries; history and philosophy in a broader European framework. The department is regularly visited by esteemed professors from India and abroad. It already has an MoU with a German University. Several students have achieved scholarships to visit Germany and many have been placed in companies and academic institutions.

Department of Spanish Studies

Learning of Spanish has gained a lot of prominence recently in India given that it is spoken in 23 countries of the world and largely due to the ever developing bilateral ties between India-Spain and India-Latin American countries. A well researched curriculum of the Department of Spanish is a great blend of academic and co-curricular activities which envisions the holistic growth of the students that prepares them for the professional world like the embassies, MNCs, tourism industry, government organizations, translation sector, education, etc.

Department of Japanese Studies

In the backdrop of paradigm shift in bilateral relations between India & Japan, Japan has become India's "Global & Strategic Partner" in recent years. Indo - Japan relation has been described as the "Most important bilateral relationship of the 21st century". The Department of Japanese Language was introduced from academic session 2013-14 with the aim and vision to impart Japanese Language skills to meet the emerging demand of the future professionals in this field. Academic qualification and proficiency in Japanese language opens the gate for career in sectors such as tourism, hospitality, embassies, international organizations, defense, education, interpretation and translation work in MNC's and Govt. organization, etc.

Department of French Studies

The Department of French and Francophone Studies, established in 2014, has made a name for itself in a short span of time. With its well-researched curriculum, the Department emphasizes a vibrant learning atmosphere and promotes an active engagement with French language and Francophone cultures through a mosaic of workshops, seminars and cultural activities. In the framework of an MoU with Université de Liège, our MA students attend a semester-long exchange program in Belgium. There exist a myriad of opportunities for undergraduate students too who can benefit from summer school programs offered by Wallonie Bruxelles International, Belgium or Service Civique, Teaching English programs in France.

Department of English

The Department prides its intensive classroom teaching and seeks to organize seminars, conferences, workshops, and symposia on a regular basis. In addition to our Masters and BA English Hons programs, the Department is slated to introduce a PhD program in English from 2021-22 onward. The curriculum, carefully planned and thoroughly researched, is constantly updated. The teachers, actively involved in research and publication, mentor students towards developing a keen edge in issues and theories of contemporary significance. It is also associated with inter-disciplinary intellectual activities with other language departments within the School of Languages as well as the University at large.

Department of Psychology was established under School of Social Sciences in the year 2018. The academic programme offered by department is M.A. Psychology (since 2018) and BA (Hons) Psychology (commencing from academic session 2021-22). The department is devoted to train the students who will work on advance knowledge. The mission requires a broad range of topics to accomplish, therefore, the post graduate programme is designed for the students mainly in brain, cognition, developmental psychology, social psychology and clinical science. The department and faculty focus on building a sound foundation for the understanding of human behaviour in developmental perspective of different walks of life. Besides qualitative methods, students are acquainted with quantitative methods like research design and SPSS tools etc. This program brings a holistic development in the life of students and prepares them for a bright career. The aim of this department is to harness the theoretical and experimental aspect of Psychology into practical application that will lead them to be innovative, make creative contribution for the betterment of Society and Nation building which is free from biases and evils.

Department of Psychology is starting B. A. (Hons) Psychology three years degree programme from commencing academic session 2021-2022.

This is a three years (six semesters) study program of 140 credits in total. The course includes theoretical and experimental aspects of Psychology. Learning methodologies includes converting theoretical knowledge into practical application, Internship, Quiz, Project assignments and fieldwork, which improves the Comprehensive development of the students.

The course has been designed to develop the students for practical application of the following subject areas/fields e.g., Basic Psychological Processes, Cognitive Psychology, Biopsychology, Social Psychology, Developmental Psychology, Positive Psychology, Clinical Psychology, Organizational Developmental, Industrial Psychology, Research Methodology and Statistics. This program will help the students for the holistic development and prepares them to aspire for higher education, to develop a bright career and help them to achieve higher-level leadership positions in the real life.

The program creates a strong research orientation and theoretical foundation in relation with advance discipline of Psychology. It enables them to take a creative, empirical and ethical approach, which can be applied, to research and development in the various fields of Psychology. This course provides an opportunity to extend the knowledge to promote overall development and growth of an individual, group and society.

Department's Highlights:

- 1: Counselling facilities
- 2: International and National Seminar and conferences
- 3: Workshops on Research Methodology, Statistical tools, are organized in the department to update the knowledge of students about new software in research
- 4: Collaboration with NIEPVD Dehradun for internship.

5: Educational tours to various psychology department of surrounding institutions for the enhancement of practical knowledge of the students.

Department of Social Work

Being established in the current academic session, the Department of Social Work is offering M. A. in Social Work with an objective to create Social Work professionals to respond to existing and emerging social, developmental and environmental situations and needs of the country in general and Himalayan regions and Uttarakhand in particular. With a focus on improving lives and livelihoods of communities, the programme is designed to strengthen theoretical understanding of the complex dynamics of social, cultural, economic and ecological lives of communities. Interdisciplinary in nature, the course draws from disciplines such as Sociology, Education, Psychology, Human Rights, Development Studies etc. While undertaking a series of field visits, the department is also expected to respond pro-actively to various challenges faced by the communities, particularly in the context of natural disasters (and man-made), climate change adaptations etc.

Course Outcome:

At the end of the programme, the students are expected to develop as Social Work professionals equipped with required interdisciplinary knowledge, attitude, skills and temperament to engage with communities, to emerge as social entrepreneurs, work as development workers and act as catalysts towards bringing out a positive social change.

Internships and Placement:

The Department will pro-actively undertake internships and placement initiatives. Upon completion of the programme, students can be employed with a diverse range of Private and Public sector companies as part of their Corporate Social Responsibility (CSR) obligations, social organisations and NGOs, governmental bodies, industry and social entrepreneurs.

Department of Anthropology

The Department of Anthropology is being established in the current academic session under the School of Social Sciences. The department is offering M. A. in Anthropology for students who are

keen to develop a theoretical and methodological understanding of studying people, societies and cultures in all their time and context.

Focusing on contemporary human beings and their social behaviour, the programme focuses on patterns of social, political and economic organisations, customs, law and conflict resolution and changing dynamics of kinship, family structure, caste, class, ethnic and gender relations.

The programme offers courses on tribal communities and takes analyses a plethora of government policies meant for bringing about positive changes in their lives.

Upon the completion of this course, the students are faced with a number of opportunities to work with civil society organisations, government bodies and academic and research institutions.

Department of Library and Information Science

The Department of Library and Information Science is a newly established department under the School of Social Science. At present, the department is offering only one course i.e., Master of Library and Information Science (MLISc) course. The basic requirement to get admission in the course is Bachelor of Library and Information science. It is a one year course; the course curriculum is blended with the theoretical and practical aspects of Library and Information Science to cater to the technology-enabled demands of the profession. The department, with the collaboration of the central library of the university, provides hands-on practice of housekeeping operations of the library. Department has a computer lab for the practical session of IT. The Lab has internet connectivity for accessing online resources and other academic purposes. The department also initiated an internship program to provide practical exposure to students about library-related activities. The department has experienced and qualified faculty.

Department of Home Science

“Home science education is worth life education”. Department of Home Science is established in the current academic session under the School of Social Science. Being a multidisciplinary subject, a varied spectrum of courses are included in the curriculum of Home Science. The subjects being taught are Family Resource Management, Extension and

Communication etc. The Department of Home Science is introduced with the objective of attainment of well-beings of the individuals as well as families, improvement of homes and preservation of values, significant in home life. The subjects being taught in M.Sc. (Home Science) are Family Resource Management and Extension and Communication (Theory and Practical). A Study of Home Science helps to develop proper attitudes for developing interest and desire to assume responsibilities of home activities and study the fundamentals of health, nutrition, family relationships and hygiene etc., appreciating social, religious and cultural values.

8.6 School of Design (SoD)

The genesis of design education in India was laid in the early sixties when Pandit Jawaharlal Nehru, the first Prime Minister invited two eminent designers, namely, Charles and Ray Eames to prepare a report on the kind of design education which India should have as a developing country. The seeds of design were thus sown and this report nucleated the study of design as a discipline to be nurtured as a creative work, which has a focus on form, function as well as the aesthetics.

Today, design is an integral part of our growing society and part of day to day life. Design is a course that helps you to develop your creative and innovative skills. Doon University has started imparting design education on the pattern of leading design institutes through its new school called School of Design from the academic session 2015-16, making professional design education available, at an affordable cost, in the state for the first time. The infrastructure and teaching is at par with other National Institutes imparting design education in the country through experienced design faculty and staff.

The School of Design at Doon University is based and formulated on the University education structure and offers a B. Design graduation program. The School offers a four year program consisting of eight semesters. The teaching pedagogy lays emphasis on creative thinking and a critical analysis of the product, so that it is both functional and aesthetic in appearance as well as has a hands-on approach to shape it. The focus is on nurturing the creative aptitude in each student and develops their ability to evolve in the process of problem solving.

The emphasis at school is given to design education in relation to our eco-system and society that we live in as well as the environment, which we need to preserve. Aim is to turn out design graduates, who are 'industry-ready' and have the necessary skills to be absorbed in different work arenas. Participation of industry professionals and solving industrial problems in the real work situation is the essence of design education at School of Design.

After a common foundation program, students will be required to pursue a three year specialization. We currently offer Product Design & Graphic Design. The curriculum of specialization courses is developed on the basis of the market needs and hence is dynamic in nature. The specializations will be offered in consultation with the student after an evaluation of performance and aptitude in foundation year.

The department proactively undertakes students' internships and placement responsibilities. Our graduates can be employed in the creative departments of many industries like the burgeoning online industries, publishing, consumer electronics, automobiles, handicrafts, furniture, etc.

8.7 School of Physical Sciences (SoPS)

The School of Physical Science with its four departments: Physics, Chemistry, Mathematics and Computer Science was established in 2015. The School is an active beehive of high quality teaching programs and competent faculty members with various research backgrounds that cater to the ever challenging needs of teaching and technical excellence in all areas of Physical Sciences with globally benchmarked curricula.

The School offers Integrated Masters programme (five-year) in Physics, Chemistry, Mathematics and Computer Science and Masters programmes (two-year) in Physics and Mathematics. The curricula of the Integrated programmes in these subjects are based on UGC's Choice Based Credit System (CBCS) and provides a broad background as well as in-depth study of the subject and related areas. The curriculum is divided mainly into three categories: Core Courses, Discipline Specific Elective (DSE) Courses and Generic Elective (GE) Courses. Core courses are rigorous in-depth courses that build on the foundation and develop critical thinking and problem solving skills. Since the subjects involve a lot of experimental work therefore, substantial laboratory work is an integral part of almost all type of courses.

The two years Masters Programme in Physics is being offered. In its first year of establishment, the department organized a **National Seminar on Light and Light based Technology** (SLT-2016) in collaboration with IRDE, which was a great success.

Various initiatives are taken by the SoPS for the development of the students by encouraging them to participate in extension activities, such as science workshops, science club, research training programs etc. In order to ensure the exposure of students to the recent developments in scientific research, various seminars, quizzes and workshops on science and technology are organized by Doon Science Club, a joint initiative of Department of Chemistry and Physics. The faculty is also very active in extension activities and in reaching out to students.

Careers in Physics

Physics has always been a path of repute as a career option. The career opportunities span over a large number of fields in core as well as many inter-disciplinary fields. Apart from the prestigious career of a scientist in the leading national and international laboratories and organizations, this stream has become an important field to take up the jobs in Research and Development (R&D) in industries (such as Chemical industry, Electronics industry, Optics/Optoelectronics and Imaging industry, Industries of Device development, Industry involved in Smart-Materials, Industries of green-energy harvesting technologies etc). The sectors such as market analyses through the theories of physics, applications of physics in IT-sectors are the other emerging fields for a lucrative career.

Research in Physics

The department aims to establish the state-of-the art experimental and computational facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, condensed matter physics, computational materials science, theoretical physics, space and atmospheric physics and energy harvesting technology. The faculties of the department are engaged in the research through the international collaborations taking up the emerging challenges of scientific research. As of the date the Department is equipped with furnaces, Electro-deposition assembly, Chemical Vapor Deposition (CVD) system, Fume-hood, hot air ovens, spin-coater, UV-Ozone cleaner, hot-plates with magnetic stirrer, ultra-sonicators, analytical measuring balance, UV-Xenon, sensing systems and PVD systems. The procurement of solar simulator and High performance Computer(HPC) is under process. The Department also uses the Central Instrumentation Facility of Doon University. The research is supported through various projects taken up by the faculties of the Department. There is a running MoU signed along with IRDE, Dehradun (a lab of DRDO) for collaborative research.

Ph.D. Programme in Physics

The Department is offering Ph.D. programme for the students with the essential qualifications and aims to establish the state-of-the art experimental and computational facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, condensed matter physics, computational materials science, theoretical physics, space and atmospheric physics and energy harvesting technology.

Careers in Chemistry

Chemistry offers a huge spectrum of career opportunities in the fields of chemical engineering, chemical analysis and synthesis, quality control and quality assurance, analytical chemistry, health care and clinical R & D, nanotechnology, pharmacology, chemical technology, crystallography, solid waste management, toxicology, etc. The subject forms the backbone of basic research carried out in various industries such as dyes and pigments, food and cosmetics, flavor and fragrance, pharmaceuticals, petroleum and natural gas industries, etc. The interdisciplinary approach further expands the career options in various fields such as molecular biology, biochemistry, material science and biophysics, and non-traditional areas such as medicine, patent or environmental law, forensic science, technical writing, art conservation and environmental studies.

Research in Chemistry

Research activities form the core of any Ph.D. program. Creative and meticulous investigations is the basis of underlying research work. Ph.D. program in Chemistry includes a rigorous course work, scientific writing, research and literature seminars, in-depth dissertation research under the supervision of a research advisor, and a public thesis defense. At present following broad areas are being offered for research in chemistry: Catalysis, Chemistry of Nanomaterials, Applications of Nanomaterials in water remediation and drug delivery, Coordination Chemistry, Green Chemistry, Structural Chemistry and Crystallography and Supramolecular Chemistry.

Ph.D. Programme in Chemistry

The Department is offering Ph.D. programme for the students with the essential qualifications and aims to establish the state-of-the art experimental facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, catalysis, organic syntheses, coordination chemistry, drug delivery systems, separation science and analytical sciences, and water remediation, polymer science and organometallics.

Careers in Computer Science

The role that computers have played and continues to play cannot be overstated. With rapidly evolving technology and the continuous need for innovation, computer science continues to be an exciting and lucrative field of study. Learning how to code teaches you how to think. Stephen Hawking proclaims the necessity of computer programming with his statement, “Whether you want to uncover the secrets of the universe, or you want to pursue a career in the 21st century, basic computer programming skill is an essential skill to learn.”

In pursuit of excellence in teaching and research, Department of Computer Science aims to be recognized as a technologically advanced center. Currently, the department is offering a 5-year Integrated M.Sc. programme in Computer Science that has an exit option with B.Sc. (Hons) in Computer Science. During the course of the Integrated M.Sc. programme, the students will develop deep discipline specific knowledge as well as the skills required for graduate level employment. There are various computational subjects that are of industrial relevance and at the same time required at the forefront of pursuing a research career in Computer Science.

Ph.D. Programme in Mathematics

The Department is offering Ph.D. programme for the students with the essential qualifications and aims to establish the state-of-the art experimental and computational facilities that will allow to venture into emergent interdisciplinary areas like nanoscience and nanotechnology, condensed matter physics, computational materials science, theoretical physics, space and atmospheric physics and energy harvesting technology.

8.8 School of Biological Sciences

The School of Biological Sciences will offer an Under graduate /Post-Graduate (integrated five years' masters) programme from the academic session 2021-22. The curriculum of the integrated M. Sc. programme is based upon UGC's choice-based credit system (CBCS) and provides an in-depth study of the subject and the related areas. The foundation of the subject is built through Core courses coupled with a choice-based specialization of different streams of modern biology with an interdisciplinary perspective through Elective courses. Core courses are rigorous in-depth courses that build on the foundation and develop critical thinking and problem-solving skills. Since the subjects involve a lot of experimental work, therefore, substantial laboratory work is an integral part of almost all types of courses. All students have to undertake a research project under the guidance of highly qualified faculties and the outcome of the research will be reported in the form of a dissertation. Students will be encouraged to take up summer projects and visit institutes and universities of national repute such as IITs, NIT, IISER, CSIR Labs during the 5-year course.

8.9 Nitya Nand Himalayan Research and Study Centre

‘Nitya Nand Himalayan Research and Study Centre’ (NNHRSC) is named after the renowned Geographer Dr. Nitya Nand. He served the Department of Geography in D.B.S. Post Graduate College, Dehradun from 1965 to 1985 as the Head of Department. He was a passionate teacher, researcher and a committed social worker. He published numerous research papers, articles and books on the natural and cultural aspects of the Himalaya. ‘The Holy Himalaya: A Geographical Interpretation of Garhwal Himalaya’ is his much acclaimed work. His academic contribution is well documented at national and international levels. He travelled widely and conducted field studies for about two decades (1965-85) of the Indian Central Himalayan Region, popularly known as the ‘Uttarakhand Himalaya’, particularly during the period when the means of transportation were inadequate. Besides being a good teacher and an academician, he also served society as a social worker. After retirement from the D.B.S. Post Graduate College, Dehradun, he established a Seva Ashram at Maneri, Uttarkashi, where he started an ‘Uttaranchal Daiviy Aapada Peedit Sahayata Samiti’ to serve the victims of the 1991 ‘Uttarkashi Earthquake’. Because of his towering personality and huge contribution to science and society, this center has been named after him.

The centre would be undertaking high level research and suggesting developmental strategies in the Uttarakhand Himalayas along with the degrees of Ph.D, M.A./M.Sc. in Geography, M.Sc. in Geology, M.A. in Theater, and certificate courses in Garhwali, Kumauni, and Jaunsari languages. The emphasis of the centre is how best we can combat the threat posed by the global warming.

The youngest and the tallest mountain system of the world, the Himalaya is an ecologically fragile, geologically sensitive, tectonically and seismically actively, geographically remote, and economically backward region. It has a rich biodiversity, rich culture and cultural heritage, rich folklore, diverse languages, food habits, and lifestyles. The major river systems of the Himalaya – the Sind system, the Ganga system, and the Brahmaputra system support more than 50% of the livelihoods to the people living in their basins. The Himalaya regulates the climate of the Central India and the Ganges basin. It protects us from the neighboring enemies. The Uttarakhand Himalaya, an integral part of the Himalaya, has two distinct geographical landscapes – the Garhwal Himalaya and the Kumaon Himalaya. In terms of culture, it has three cultural realms – Jaunsar, Garhwali, and Kumaon. On the other hand, the Himalaya is highly vulnerable to natural disasters and climate change-related events. Increasing population, low productivity of crops, and lacking infrastructure facilities have led to exodus outmigration from the Uttarakhand Himalaya. The center will address all these issues through teaching and research.

Mission of the Center

The NNHRSC's mission is to provide its students with educational experiences of the highest quality and to conduct vital research that produces valuable publications. Further, its mission is to lead the development of academic, educational, and research directions of cultural and natural systems of the Himalayan region in general and the Uttarakhand Himalaya in particular.

Objectives

1. To impart high-quality teaching and to provide a strong platform for quality research of all aspects of the Himalaya.
2. To collaborate with similar research organisations within and outside India.
3. To conduct conferences/seminars/workshops/training programmes online/offline.
4. To provide expertise in the field of Himalayan environment and development to all the stakeholders of the Himalayan region.

8.10 Centres of Study and Research

Centre for Public Policy (CPP)

The Centre for Public Policy (CPP) has been established through an endowment provided by the National Thermal Power Corporation (NTPC) in 2006. It is anchored in the School of Social Sciences but acts as an autonomous Centre, carrying out its various activities as per the decisions taken by various Committees constituted for discharging its mandate.

The Centre aims to promote and nurture research and make serious efforts in the domain of public policy, with special reference to the mountainous regions like Uttarakhand. With this end in focus it reaches out to establish an on-going dialogue with all researchers and research projects that are in progress in Uttarakhand - in Universities, Colleges and various institutions of excellence, both past and present.

The Centre for Public Policy has hitherto been active in preparatory actions related to sustainable development and Climate Change. The Centre on its part not only provided an anchor role to the Nodal Officer but also helped in conducting various consultations with departments, including meetings at the highest levels. The role played by the Centre, the School and the Doon University now forms an important part of the project on *Safer and Sustainable Uttarakhand*.

With a view to promote research in identified interdisciplinary areas and associated related issues the Centre shall offer research scholarship, fellowship/assistantship to the Masters, Ph.D. students and eminent scholars.

Fee Structure

9.1 General

- (i) Prior to Registration for an Academic Programme the students shall deposit the required amount of Admission Fee as given below. The Admission shall be confirmed only after the Admission Fee is deposited by the student by the specified date.
- (ii) Non-payment of Fees within the stipulated time shall lead to cancellation of Admission. In this event the candidates next in the merit waiting list shall be offered Admission.

9.2 Fee Structure

(i) Common Fee (irrespective of academic programmes):

1. Admission Fee (one time – non refundable):	Rs. 2000.00
2. Caution Money (One time-Refundable):	Rs. 5000.00
3. Degree Fee (one time for one degree- non refundable):	Rs 750.00
4. University Magazine Fee (on annual basis):	Rs 100.00

5. Student Council Fee (on annual basis) Rs 100.00

(ii) **Hostel Fees**

1. Lodging (per semester):	Rs. 3000.00
2. Electricity, water, utilities charges (per semester):	Rs 1500.00
3. Mess Caution Money (One time- refundable):	Rs. 2000.00

(iii) **Mess charges:** Asfixed through catering tender process, Approx.Rs.3000.00 per month

11.3 Fee Refund Rules

- (i) All claims regarding refund of fee shall be entertained before the last date of admission. The student should put up in writing an application for refund of fee with the receipt of the fee deposited along with the recommendation of the concerned Head of the School/Department.
- (ii) In the event of a student withdrawing before the commencement of the programme, i.e., start of the classes in the academic session, he/she shall be refunded the entire fee after deduction of a processing fee of Rs 1000/- (Rs One Thousand only) provided the seat vacated by the student is filled by a student from the entrance test merit list/waitlist.

- (iii) If the student has attended the classes after registration in the programme and then withdraws from the programme then only caution money shall be refunded.
- (iv) Hostel/Mess fee will be refunded after deducting the proportionate amount from the mess/hostel fee as per the actual usage duly verified and recommended by the Hostel Wardens.

10 Registration for Programmes

10.1 General

- (i) It is mandatory for all the students to register before the commencement of the eachsemester according to the schedule (Academic Calendar) notified in the Prospectus.
- (ii) Details of various courses offered under the programmes shall be made known to the students at the time of Registration by the respective Schools.
- (iii) After the Registration the students shall deposit completed Registration Cards duly signed by the authorized faculty /Head of the School to the School Office.

10.2 Renewal of Registration

- (i) Every student shall be required to renew his/her registration at the beginning of every semester till the completion of his/her study programme. If a student fails to register in any semester within one week from the specified date of Registration and fails to pay the required Fees, it shall be assumed that he/she is not interested in continuing the programme and his/her name shall be struck off from the rolls of the University.
- (ii) Students shall be required to register for courses in which they wish to improve the Grade or clear the Back Papers of courses in which they obtained F Grades at the beginning of the Semester.

10.3 Late Registration

- (i) Late registration of students, due to reasons beyond their control could be permitted if so recommended by the concerned HoD and on payment of a late Registration fee of Rs. 500/- .
- (ii) The last date for late registration shall be one week from the date of commencement of classes/academic session.

11 Financial Assistance, Scholarships Fellowshipsand Awards

11.1 General

The students may take benefit of various schemes of financial assistance, scholarships and fellowships on fulfilling the laid down criteria, terms and conditions. A student can avail benefit of only one scheme. No student would be permitted to receive financial assistance from two sources concurrently.

11.2 “Pandit Mahanand Dangwal (Kirti Nagar, TehriGarhwal) Scholarship”

21.3 Engagement of Gender Champion

To promote gender equality and create an environment that fosters equal treatment the University is implementing scheme of engaging Gender Champions in compliance to the collaborative scheme of the Ministry of Human Resource Development and the Ministry of Women and Child Development, Govt. of India. Gender Champions shall provide an integrated and interdisciplinary approach to understanding the social and cultural construct of gender that shapes the experiences of the women and man in society. The aim is to make the young boys and girls gender sensitive and create positive social norms that value girls and their rights. The Gender Champion shall perform the duties and responsibilities as prescribed in the guidelines for Gender Champions.

22 SC / ST Cell

An Equal Opportunity Cell has been established to promote equality among all sections of the students without prejudice to their belonging to any social group. The Cell aims to mainstream the deprived groups of students such as Scheduled Castes, Scheduled Tribes, OBC (non creamy layer), Minorities and Persons with Disabilities. The Cell is mandated to facilitate learning opportunities by providing coaching to enhance the employability and success of these groups of students. The Cell plans to provide coaching to candidates preparing for State Eligibility

Test for lectureship and UGC –NET examinations. An **Anti Discrimination Officer** is responsible for receiving written complaint and initial follow up action to address the grievances of the deprived groups of students.
